

Graphic Design | Project 1 | Creating Page 1

Objectives:

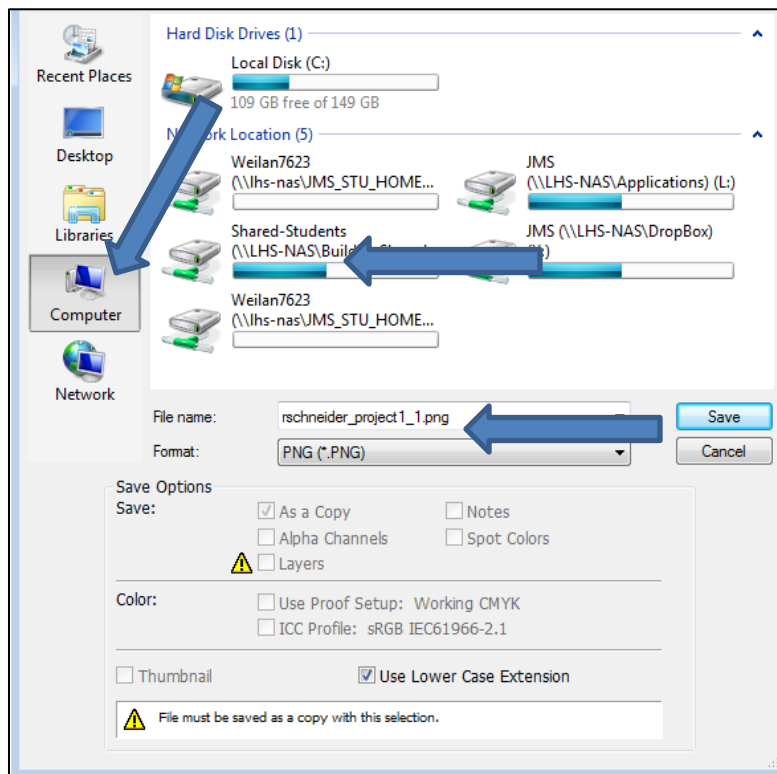

For your first project, you will be creating a new page in Photoshop that contains an assortment of images. Each image will need to have one filter applied.

Project 1 Requirements:

- ✓ A new page with the dimensions of 8.5 by 11 inches.
- ✓ 5 images, each with a different filter
- ✓ No white space showing
- ✓ Incorporate type, which includes at least your full name.
- ✓ Saved as two formats...PSD and PNG...**You will be submitting your PNG to the class folder for grading.**
- ✓ File should be named firstinitiallastname_project1_1 Example: **rschneider_project1_1**
- ✓ Project must be school appropriate. Failure to comply will result in an automatic 0 for your grade.

To Submit Your File For Grading: You will need to submit your file to the 00_GRAPHIC_DESIGN folder that is located on the Shared – Students drive. Before you do, make sure you **FIRST** saved your file as a PSD and PNG on your H Drive. When you have done this, then...

1. In PhotoShop, click *File > Save As*. Click the Computer Icon, then click on **Shared-Students Drive**. The very top folder is called **00 GRAPHIC DESIGN**. Select this folder and then your hour. **Be sure to name your file using the correct method and format should be changed to PNG.**

Name: _____ Hour: _____

Graphic Design Project 1 Rubric – Scrap Book Page with Filters

OBJECTIVES	3	0	
Page size is correct	Page is 8.5. x 11	Page is wrong size	
No white showing	No white showing	There is white showing	
Saved, named and turned in as instructed	Saved, named and turned in as instructed	Not saved, named and turned in as instructed	
5 school appropriate images are present	5 school appropriate images are present	There are not 5 images present	
	13	9	5
All 5 images are presented with a different filter	The 5 images are filtered each with a different type of filter	4 images filtered with a different filter	3 images are filtered with a different filter
