

## How to Connect an iPod to the JMS Network (Internet Access)

1. Click the "**Settings**" app.
2. Click the "**General**" tab.

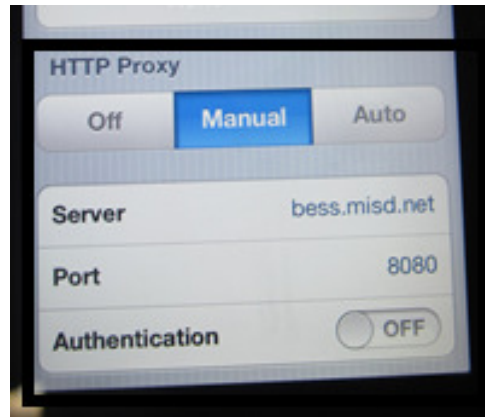

3. Click the "**Network**" tab.

4. Click the "**Wi-Fi...LPS\_GUEST**".

5. Scroll all the way down to the bottom of the screen. You will see a section called "**HTTP Proxy**". Select the manual option.
6. Click "**Server**" and enter **bess.misd.net**
7. Click "**Port**" and enter **8080**
8. Leave "**Authentication**" off. See image in the next column.

9. You can now press the home button. Safari will now work. You may need to open it a couple of times at first, so your iPod can accept the settings. If when you open Safari you receive a white webpage from Lakeview, click on accept.
