

PowerPoint Multimedia Game: Core Class Content

Directions: You have just created your first PowerPoint multimedia game. Now it's time for you to demonstrate the skills that you have learned! For this assignment, you will be creating a multimedia game on any content that you have learned this year from math, science, social studies, ela, or a foreign language.

Project Requirements:

-  **At Least 10 Question Slides**...Below you will find what needs to be on each slide.
-  **Universal Theme**...Your slides should have all the same background.
-  **Readability**...Your game is easy for the viewer to read.
-  **Quality / Content**...I want your best work! Don't turn it in unless you know you've done your best!
-  **Kiosk Mode**...Make sure that Kiosk Mode is enabled. Remember this is a game...
-  **Text and Button Alignments**...Your text and buttons should be properly aligned. Home buttons should be in the left corner and end show buttons should be in the right corner.
-  **Buttons Function Properly**...They actually take the user to the intended slide.
-  **Button Design**...Buttons that are common on all slides should be the same size. Copy and paste!
-  **Conventions**...Did you use spell check or just leave the red squiggly lines...
-  **How to Submit for Grading**...see the back of this form for specific instructions
